

CERTIFICATE No. P220

CESG INFORMATION ASSURANCE AND CERTIFICATION SERVICES

This is to Certify that

Tracker 2700 (Data Collection Unit)
running software 10235

has been evaluated under the terms of the UK IT Security Evaluation
and Certification Scheme and complies with the requirements for:

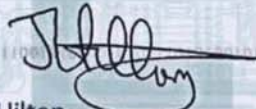

E2 ASSURANCE LEVEL

The scope of the evaluated functionality was as claimed by the Security
Target and as confirmed by Certification Report P220

Certification is not a guarantee of freedom from security vulnerabilities.
This certificate reflects the Certification Body's view at the time of certification.
It is the responsibility of users (both prospective and existing) to check whether any
security vulnerabilities have been discovered since the Penetration Test date of March 2005.
